AREA OF STUDY
ENERGY, MANUFACTURING, & CONSTRUCTION

Geographic Information Systems

AAS DEGREE

The Geographic Information Systems (GIS) Program prepares graduates for wide ranging career possibilities as entry-level technicians to data analysts and project managers in diverse fields of GIS application. From data collection and input to management and analysis, to project completion and information delivery, individuals will develop the skills to work at many levels of business, industry, government agencies, and research and development.

The GIS Technician Level 1 Certificate focuses on proficiency in GIS software applications and data management.

The GIS Systems Analyst Level 2 Certificate provides graduates additional skills to develop and analyze data and prepare projects for delivery to clients.

The Associate of Applied Science in Geographic Information Systems provides graduates with the essential skills to manage the initiation, development and completion of GIS projects requiring data collection, data management, analysis, map product development and final report writing for presentation.

Employment opportunities are far reaching at the present time; the increasing use of GIS in nearly every field of education, business and government is creating a strong need for skilled personnel

ADDITIONAL PROGRAMS AVAILABLE

Geographic Information Systems Technician Certificate Level I

Geographic Information Systems Analyst Certificate Level II

SCAN TO LEARN MORE

Certificate I 18 Credits	Certificate II 18 Credits	AAS Degree 60 Credits
Intro to Geographic Info Systems	College Algebra	Composition & Rhetoric I
Introduction to Raster-Based GIS	Data Acquisition & Analysis GIS	Physical Geology
COSC [2] *Course option listed in the catalog*	Special Topics in Cartography	Elective 1 Program Elective
Learning Framework: 1st Year Experience **OR** Electives - Any Academic Transfer Course (ACGM)	ITSW [2] *Course option listed in the catalog*	Elective 2 Program Elective
Cartography & Geography in Geographical Information Systems	GIS Applications	Technical & Business Writing
		Physical Geography
		Core - Creative Arts **OR** Core - Language, Philosophy, & Culture
		Program Capstone
		Elective - Physical Activity Courses

DEGREE WAGE DATA

[1]**Entry Level - $36,497**

Mid Level - $71,488

Senior Level - $118,206
